BURKE.

About a mile above Burke Hollow, on the road to Newark, a little off from the main road, is a nicely located and good farm of 100 acres. It has been occupied by the same tamily for nearly 100 years. The present occupant is H. B. Bugbee, 82 years old, and a pretty lively gentle man for his years. The house was built not far from 100 years ago by Mr. Bugbee's father, and few changes have since been made in it except to keep it in good repair. A large sugar orchard is on the farm, and a party from Lyndon who recently spent a Saturday afternoon there under the shade of the maple trees are of the opinion that there is not a better sugar place in that section. The party stopped at the old farm house on the way back, held their heads under a pump while Mr. Bugbee plied the handle and brought up from underneath some where good cold water, and helped themselves treely to a bucket of maple sugar brought out by Mrs. Bugbee. The party, pronouncing the sugar of excellent quality and thanking the aged couple for | Clifford, is quite sick. their hospitality, proceeded on their homeward journey.

EAST BURKE.

Owing to the heavy rains this week the dam at Silsby's mill at East Haven gave way Wednesday afternoon, and where he about a million and a half of logs came saw-mill. down through here and landed at Stearns' mill about a mile and a half below here. LUNENBURG.

Dr. Scott and family left for their new home in Groveton on Monday of this

The programme for the Fourth was fully carried out with some extras thrown in. The day was very hot, but every one seemed to have a good time. The borribles were very good. James Silsby took the first prize and James Dodge and Wallace Phelps the second. The "Merry Maids" looked very pretty in their stylish turnout driven by Harry C Moulton. Altogether we may count the

day a success. The Ladies' Aid met with Mrs. Fred Turner last Friday afternoon.

Mrs. Elden Pierce and children are visiting her mother, Mrs. Miranda Chency. The W. R. C. gave Mrs. Dr. Scott a surprise party last Friday evening. Before leaving they presented her with a very pretty card receiver.

Rev. Mr. Munroe preached in the Congregational church last Sunday evening. Mrs. Lorana Silsby and two nieces returned Tuesday of this week from a two weeks visit to Old Orchard.

We think the thanks and something better of the community are due E. W. Wright for cleaning up around the band stand after the celebration.

We wonder if the Park association bave noticed how fast the trees are dying. The hardest thunder storm known for many years occurred here last Monday It lasted until seven Tuesday morning and did considerable damage. Sherman Balch's house was struck and slightly injured, also a barn of Harry Day's and several telephone poles. The roads were badly washed.

The school committee have engaged B. A. Rowe of Winchester, Mass., as principal of the Graded school. Mr. Rowe is a recent graduate of Dartmouth col-

lege and comes here highly recommended. E. E. Bailey took possession of the post office Wednesday and the people got their mail in the new place for the first time Wednesday afternoon. The new office is in Hartwell's building. The room has been thoroughly repaired and makes a convenient postoffice. The postmaster's brother Will will act as assistant.

H. Corcell Staples of Boston, Mass. made a brief visit among friends here the first of the week.

Rev. Mr. Gorse of Sheffield occupied the Methodist church pulpit last Sunday in exchange with Rev. W. C. Johnson. John Winter's family are spending a few weeks in their cottage at Willoughby lake. Mr. and Mrs. J. G. Hadley are at the same place, making some repairs on

their cottage. A Junior Epworth League society of 20 members has been organized at the Methodist church. Those having it in charge are Mrs. C. D. Wilcomb, Mrs. Wells Quimby, Mrs. Leach and Mrs.

James Lammond. Capt. J. S. Thompson returned to his camp on the shores of Joe's pond, West Danville, Wednesday, after spending a week at his home here. The Captain has a well-equipped camp, a good steamer and boat and any one over that way wishing to see the beauties of the pond will do well to make him a visit.

LYNDONVILLE.

Pay car comes next Monday. The shop hands having been on 10 hours a day for the past week or two more money will be distributed than for some time past. It means a little something extra to most everybody in the village and all are in consequence a little happier than usual on the approach of this monthly

event. Freight conductor Frank Blodgett hung his vest up in the caboose of his train one night last week while shifting cars in the railroad yard at Newport. When he went to put it on his gold watch and some money had disappeared. The thief covered up his tracks and no trace of him can be found.

M. B. C., owned by E. W. Hutchins, has been entered in the 2.25 race at Concord, N. H., next week Friday. Work will soon be begun upon the village sewers. Two carloads of tile pipe have arrived. The new sewer will be a big improvement in the sanitary coudi-

tion of the village. The B. &. M. air brake instruction car has been here this week to give the railroad boys some points in regard | West. to the mysteries of this new brake. The band concert last Saturday even

ing was much enjoyed by a large crowd. Another one will be given tomorrow evening. W. C. Howe and family have moved to St. Johnsbury. "Woot" would never have left Lyndonville if business hadn't demanded it. He is an old resident here

George Shorey's new grist-mill will be run by electric power. It is the most convenient power of the present day and Mr. Shorey does a wise thing in deciding to use it. Others will probably put electric power in to run electric fans, small machinery, etc. There is also some talk of the railroad company using the power to run the machinery in the shop. If this is done the surplus power at the plant will be used to good advantage and the electric railroad people will have to look somewhere else for power

if they ever want it. About 80 will take part in the "Continental Kettledrum" to be given in Music hall next Wednesday evening for the benefit of the Village Improvemedt society. Rehearsals are being held every day under the direction of Mrs. Metcalf, special costumes have been engaged and the scenery will be fine. There will be music, dancing and acting of a sufficient variety to please everybody. Famous people of colonial times will appear and make their speeches, gypsies will sing and dance and there will be a regular southern negro breakdown by several members of that race. The play is copyrighted and secured at some expense. Checks for the advance sale of seats are being rapidly disposed of and a large audience will be in attend-

A union service in the Methodist church last Sunday evening brought the attention of quite a number of people to the suffering of the famine stricken people in Well selected articles concerning the famine and the condition of the people in that nation were read and also letters from the missionaries, Dr. and Mrs. Parker, who are well-known here, The music rendered was appropriate to the service and the last piece, "In the service of His presence." was written by a Brahmin lady. At the close of the

ervice a collection was taken up in relief of these people, amounting to \$8. Byron Wright has been in Richford this week setting up a large Fairbanks scale. A number of years ago Mr. Wright was steadly employed in the work of setting up scales for the Fair-banks company and his business took him to many different parts of the country. Of late years he has about given up the work and only accepts an occas-

onal job. Mrs. Burt Wright and young son, who have been visiting her father-in-law, Byron Wright, for nearly three months past, left Tuesday for her home in the west. Mrs. Byron Wright accompanied her as far as Newport, where she made a short visit with Mr. Wright's sister, Mrs.

Cortis Berry and several others sat on Stiles' store piazza Wednesday evening figuring on the prospects of a good hay day Thursday. They acted considerably dubious about the matter, but got a fair hay day nevertheless.

If a blister is found in wall paper after it ishung, take a penknife, carefully cut the slit, then dip a small camel's hair brush in a little paste, and paste the cut surface down. Go over the spot lightly with a small hammer, and when the paste is dry the blisters will have disappeared, and the doctoring of the spot will not be suspected. This is the way that professional paper hangers treat blisters in light-weight and highcolored papers. It very heavy, embossed, or dark-colored plain papers were used, a different treatment would be necessary.

Does Not Curl.

Properly handled, Bastman's Film does not curl. And to properly handle Bastman's Film is so easy that the "Curl" can be said to exist only in the imaginations of a few beginners who have listened to the vagaries of the manufacturers of cheap plate cameras. A little preliminary soaking in cold water with the face of the film down will make it lie as flat as a glass plate. Development follows just the same as for plates, but with the film tace down instead of face up. Handle the films one at a time at first, just as you would be obliged to do with ulates, and you will find them fully as easy to manipulate—and they won't break. After a little experience you can handle several films in the developer at one time—an impossibility with plates. Photography is Easy with a Film cartridge camera.
